2. The Best "Diabetes" Project

4th QUARTER

1. The "Most Unique/Innovative" Project
2. The "Greatest Number" of Projects for the Year
3. The Best "Twitter Membership Drive" Project

LEO PROJECTS - 4th QUARTER

1. The LEO club that gets the most new members for the year
2. Best Choice for the Following in a LEO Contest
 - a. How do you envision that Lions Clubs of the future will operate?
 - b. How would you make it appealing for young people to become active in Lions Clubs?
 - c. What could you do to get young people to choose the Lions as their Service Organization?

Each club is asked to come up with individual "Signature Service Projects" that will help their own particular communities. It could be one you have done in the past, or a completely new and innovative project. Ideas for the different projects (listed above) can be found on the LCI Website

Community Service is paramount for International President Sid Scruggs' year. And it is felt that we can ensure the success of our district if we make it possible for each club to form the project that they feel is indeed attainable.

Community Service has Many Interpretations
And the Diversity of our District can Showcase our Creativity

Just a few more notes:

- Clubs do not need to get involved in every project.
- They can do one a year, or as many, or as little as they like.
- As long as every club does at least one project.

Let Us All Become Champions of Service!

Yours in Lionism,

DG Rosemarie Townend, District 16-B
